MobileOffice

iPad Edition

Overview - MobileOffice is a carrier-grade, future proof **softphone** application that enables you to manage your communications easily and efficiently.

MobileOffice iPad Edition is a superior softphone for Apple iPad that uses a Wi-Fi or 3G data connection to make and receive calls and allows you to use powerful features specifically designed for Enterprise and Mobility Users.

Highlights and Key Features

- Enterprise calling features allow your iPad to become an advanced business phone with features such as extension dialing, call hold, transfer, conference, speakerphone, mute and voicemail
- **Available from the Apple App Store**, you can use MobileOffice as a primary device, secondary device and/or as a shared call appearance. This allows Remote and Mobile Workers to take their Spa Telecoms service wherever they go.
- Easy to provision via Self-Service Portals
- Zero-Touch secure, remote provisioning, login and configuration
- Download and install directly from the Apple App Store
- iPad Contacts, Favorites, Call History and Custom Settings
- Market leading codecs including G722 (HD Voice), G711 and G729
- Advanced User Interface with multitasking and multiple call support

Supported Devices

MobileOffice iPad Edition is available iPad 1 and iPad 2 running iOS 4.2 or higher.
